## Content

### **Always Be Ready: A Primer on Defending the Christian Faith by John Warwick Montgomery.**

...

Much to the dismay of its critics, defending the Christian faith does not rest on a complicated, philosophical quest nor illogical assumptions. The task of defending the Christian faith - or Christian apologetics - is for every Believer. In this easy-to-read, beginners guide to Christian apologetics, scholar and apologist Dr. John Warwick Montgomery lays the groundwork for why the case for Christianity is factually and historically compelling as well as how we should defend the faith.

The book's three sections will lead you through the importance of Christian apologetics, issues the nonbeliever may raise, and how to bring the centrality of the faith - Christ on the cross - before atheists, skeptics and people from other worldviews.

For those who want a lighthearted yet thorough introduction to the how, why and what of Christian apologetics, this primer is a go-to guide for those who hope to "be ready always to give an answer for the faith that is within" (1 Peter 3:15).
