

# Bloodsworth: The True Story of One Man's Triumph over Injustice

## Content

**Bloodsworth: The True Story of One Man's Triumph over Injustice by Tim Junkin.**

...

**Fans of *Serial* and *Making a Murderer*, meet Kirk Bloodsworth, the first death row inmate exonerated by DNA evidence.**

Charged with the rape and murder of a nine-year-old girl in 1984, Bloodsworth was tried, convicted, and sentenced to die in Maryland's gas chamber. From the beginning, he proclaimed his innocence, but when he was granted a new trial because his prosecutors improperly withheld evidence, the second trial also resulted in conviction.

Bloodsworth read every book on criminal law in the prison library and persuaded a new lawyer to petition for the then-innovative DNA testing. After nine years in one of the harshest prisons in America, Bloodsworth was vindicated by DNA evidence.

Intense and hard-hitting, *Bloodsworth* is the story of a man's tireless fight against a justice system that failed him.
