Fitz and Cassie: A Young Adult Werewolf Romance

This includes the first five stories of the new young adult paranormal romance series, FITZ AND THE PACK. Fitz Crawford, a typical teen, struggles to keep some sense of normalcy in his life as he goes to school, hangs out with his best friend, deals with normal teen crushes, and tries desperately to keep from turning into a mad, ravenous killing machine every time his heartbeat gets faster than a crawl.

1. Dreaming of Cassie

Fitz has seen a lot of Cassie, though he's certain she has no idea he even exists. It doesn't keep him from impossible hopes, though. Of course, even if she likes him back, it would never work out. Life's hard for a teen, and especially when he has to constantly stay on top of his blood pressure just to keep from changing into a monster. How can he manage that when the very sight of her gets his blood pumping big time? Speaking of blood pumping, why does the new guy in town, Archer Chase, seem to be watching him at every turn? Could he know the secret that Fitz holds so close to the vest that only his best friend has any inkling what happens when the animal breaks free?

2. Cassie Cornered: A Young Adult Werewolf Romance

Cassie still doesn't know about Fitz, but she's about to learn a thing or two about werewolves. On her way home from a fun and typical bad b-movie, she's with her friend Lissa when things go crazy. How can a young teen girl deal with things when creatures that are only supposed to exist in horror films with bad makeup and screaming bimbos in bikini's suddenly show up in her own town?

3. Cassie's Safety: A Young Adult Werewolf Romance

Fitz the werewolf keeps his distance as he follows Cassie and her friend Lissa home to make sure the two renegade wolves don't attempt to attack her again. His body still hurts from the partial transformation, and he tries his best to deal with pain and the growing weariness. Snort does his best to help, but how can he hope to keep Cassie safe? His parents are dead. He never got werewolf training or anything like that. How is he supposed to do anything, much less keep someone who believes werewolves are fiction safe? One thing is certain though: He just can't let anything happen to Cassie. He can't.

4. Cassie Takes Control: A Young Adult Werewolf Romance

Cassie realizes pretty quickly that she's going to have to take the lead if she expects to have a relationship with Fitz. He's just so distant...and so strange. Still, he's so darned cute and so sweet, and she's just not going to wait for him to make the first move. Meanwhile...Fitz has a strange visitor with a terrifying and cryptic warning.

5. Archer's Plan for Cassie and Fitz: A Young Adult Werewolf Romance

There's a new threat facing Cassie and Fitz, the threat of the evil archer. Can these teens survive? Can their love survive? Is there any way it can happen? What will become of them?
