Excerpt:

Do you know that one out of three Americans have stomach issues? It can be reflux, indigestion, heartburn or gas among others. We will deal with these here. There are a few simple solutions that have often fixed the issue within a month! This is a great time frame, many people have perhaps had these issues for years!

Here are three solutions plus one "Ace in the Hole", that normally work:

Solution Number 1:

The first part of the solution is taking a formula that has wormwood and black walnut in it. Around the world most nations residents do a parasite cleanse about once a year, but not in the U.S. We have also taken many of the natural parasite cleansers out of our diets. Do you think it might be wise to cleanse ourselves of parasites, bacteria and germs on a regular basis? Essentially that is what this part of the formula does to improve your digestion. We are part of the animal kingdom and the whole kingdom tends to have some parasites, bacteria and germs. A small amount may be helpful, we are shooting to get most of them out of there!

It is kind of like using "Scott's Weed and Feed" on your front yard. The wormwood formula gets rid of the "weeds" then we add natural probiotics to help the "grass" grow. Internally we have "flora and fauna" just like in our yard. I have read that a healthy person has about 10 pounds of good bacteria. It is like your yard, it can look green, but it may be weeds. So let's get rid of the weeds and

grow some healthy green grass!

So what you do is start with one wormwood formula at night. The most popular brand is Hannah Kroger "Wormwood Combination". Essentially the wormwood kills parasites, the black walnut kills yeast and the cloves kills germs. How do you bake bread or make beer? Water, sugar, flour, yeast and heat! What may be happening with our western diet with cookies, cakes and breads? Water, sugar, flour, yeast and heat, baking our own bread!. Read on for the rest of the remedy!
