

Queer Theory and Social Change (Opening Out)

Content

Queer Theory and Social Change (Opening Out) by Max H. Kirsch.

...

Queer Theory and Social Change argues that there is a crisis within Queer theory over whether or not its theories can actually deliver change.

Max Kirsch presents a challenging alternative to the current fascination with post-modern analyses of identity, culture, and difference. It emphasizes the need for a discussion of the importance of communities and the role of globalization on queer movements.
